"Exporting Nature, Wellness & Sustainability"

TARAKA
INTERNATIONAL

Who We Are

Taraka International is a global export company built on the values of trust, clarity, and long-term commitment.

Inspired by the Sanskrit word Taraka—meaning star—our name reflects our purpose: to guide global buyers toward high-quality Indian products with consistency and care.

Behind Taraka is a team driven by clear thinking, strong execution, and a deep respect for global standards. The vision was simple: build something meaningful, reliable, and lasting—where every partnership is valued and every shipment reflects excellence.

We work closely with importers, wholesalers, and FMCG buyers in markets across the world, providing dependable export solutions that are rooted in transparency and quality.

At Taraka, our goal isn't just to export products—it's to build trust, deliver value, and grow through relationships that last.

Let Taraka be the star that guides you to India's finest.

EcoCore Packaging

Sustainable Solutions for a Greener Future

A thoughtfully curated collection of eco-friendly packaging products tailored for modern businesses committed to sustainability. As global industries shift toward greener operations, EcoCore offers reliable, biodegradable, and compostable alternatives to traditional packaging materials – without compromising on quality or performance.

Biodegradable & Compostable

Supports Circular Economy

Sustainably Sourced

Plastic Free

Customizable

Durable & Reliable

Each product is made using renewable, natural, or recycled resources – helping reduce landfill waste and carbon impact. Whether you're in retail, e-commerce, food service, or logistics, EcoCore delivers practical, planet-positive packaging that aligns with your brand's environmental goals.

Choose EcoCore – where innovation meets sustainability, and every package makes a difference.

**Honeycomb
Wrap**

Honeycomb Wrap

Eco-Friendly Protective Wrapping for E-Commerce & Shipping

A sustainable alternative to bubble wrap – made from expandable kraft paper, honeycomb wrap provides shock-absorbing protection without plastic.

Why Choose Honeycomb Wrap?

- *Replaces plastic bubble wrap & foam*
- *Made from kraft paper – recyclable & biodegradable*
- *Perfect for premium, eco-conscious brands*
- *Easy to use – with or without dispenser*
- *Lightweight, saves on shipping costs*
- *Expandable cushioning that protects fragile items*

Built for Modern, Sustainable Packaging

- *Designed to impress eco-conscious customers*
- *Delivers both protection and presentation*
- *Suits brands in cosmetics, home décor, gourmet goods & more*
- *Aligns with global trends toward plastic-free packaging*
